

Friends of Adventure and Mainpeak Bring You the Abseiling/Rock Climbing Starter Kit!

Fellow adventurers,

The outdoor recreation industry can be a costly investment, not just in time but in the gear you need to buy to be involved in all these adventurous pursuits.

One of the main complaints that we at Friends of Adventure hear while we are providing outdoor recreation training is that equipment is really expensive and trainees often can't afford to kit themselves out with the gear they need.

Friends of Adventure and Mainpeak have teamed up to offer a solution to this problem. If you are signed up as a Friends of Adventure Trainee through [Fairbridge](#) or you are an enrolled Fairbridge outdoor recreation trainee doing a full certificate of qualification (such as a Certificate III or Certificate IV in Outdoor Recreation) you are eligible to take advantage of this Abseiling/Rock Climbing Starter kit. We are looking to add other starter kits in the future, such as paddle gear, hiking gear, etc. Keep an eye on the website for further developments.

There are two Abseiling/Rock Climbing Kits available. The only difference between the two kits is the harness. See details below:

Please Note:

We recommend that you try the harnesses on before you decide which kit to buy. It's important to get a harness that fits you well and feels comfortable. To arrange an appointment with Mainpeak to try on harnesses contact us using our [Contact](#) form or call Mainpeak Commercial on (08) 6103 4500 during business hours.

Kits can be tailored to suit your needs and requirements. Items can be removed, added or substituted subject to availability. Obviously this will have some impact on the price of the kit but be assured that Mainpeak will give you a fantastic deal.
